efficient and rewarding. The guide presents capsule advice on three segments of the park's Grand Loop. This figure-8 shaped road system was designed to present the park's major attractions to travelers. Facilities and services are shown on the maps, and may also be found in the gateway communities—Jackson and Cody, Wyo., and West Yellowstone, Gardiner, Silver Gate, and Cooke City, Mont. Ask at the visitor centers for other publications to help you explore the park. And remember: Park roads sample but a fraction of Yellowstone National Park. The rest is backcountry—traversed by 1,000 miles of trails.

16 Green-winged Teal  
17 Pronghorn

Grizzly and black bears are wild and dangerous. People have been seriously injured, maimed, and killed by both. Bears appear tolerant of people but may attack without warning. Always view bears from a safe distance. **FEEDING WILDLIFE IS UNLAW-**

**Backcountry use**  
Get permits required for backcountry camping and to hike at most park roads are closed. Do not use this area for backcountry hiking. There are over 1,000 miles of trails.

**Winter road closures**  
From about November 1 to April 30 most park roads are closed. The only winter roads open are the roads within the park between the North Entrance and Cooke City. It is open all year. In mid-December to mid-March, snowmobiles may be used on unplowed, groomed park roads. Call park headquarters for more information.
